Introduction

This book is a simple yet incredibly powerful way to do pathworking through the Enochian Letters and to easily communicate with these spiritual energies while they are visibly in front of you. The Enochian Letters are known to give off powerful vibrations when properly accessed. In chapter 1 The Enochian Letter's Pathworking Ritual shows you step by step how to easily open up these energies of the Enochian Letters so you can communicate with them back in forth in a live situation. In Chapter 2 The Enochian Letters list each letter plus important information about each letter to pathwork for your every request of money, health, love, psychic abilities, information and many more things as well. Anyone from beginner to advance can easily experience this powerful spiritual journey. All you need is a candle,

incense, this book and 10 minutes to get started. This book shows you easily and quickly how to get all of your requests answered and you don't even need to believe in this pathworking as you are summoning the energies of The Enochian Letters to do your bidding for you!

I. The Enochian Letter's Pathworking Ritual

How to Communicate with Spirits

Communicating with spirits or spiritual energy is a very powerful way to get answers to your questions from the spirit world either instantly or in the next few days. The best way to get really good at communication is to practice. **Practice makes perfect!** *Every time you do this ritual your subconscious will be connecting better and better to the astral plane where spirits reside.* So even though the ritual seems simple and you think you are just saying words, you are in reality actually tuning your vibration or aura into this spiritual plane. **If you want quick results then do this every day!** You can pathwork through each Enochian letter and communicate with that spiritual realm through following the ritual outlined in chapter I and then there is a list of every Enochian letter to pathwork through for your every request in chapter II. The ritual in chapter I may seem simple but I have summoned and pathworked thousands of spirits and Enochian letters successfully and have broken it down to only the essential components you will need to easily and efficiently pathwork these Enochian letters. So at first glance it may seem to simple but in time you will appreciate the fact that you can quickly pathwork a Enochian letter in as little as 10 minutes to visible appearance and communicate back and

forth live in a real time mode instantly and get all of your requests answered. Accessing these powerful energies of the Enochian Letters will open up a spiritual journey beyond your wildest dreams...

Temple Set up

Wear comfortable clothes and relax in a quiet place
Decide on which Enochian Letter to pathwork with. Do each Enochian Letter many times or until you feel satisfied you have learned enough to move to the next path. Refer to the Enochian Letter page you are working on for the Enochian letter name, sound and letter to vibrate to visualize along each path *and to fill in where requested in the meditation below as you are recording the meditation ritual.*

Record the ritual into a recorder *and* fill in the necessary names when requested from the Enochian Letter page. Say (vibrate meaning to sound out each syllable)of the Enochian Key into the recorder when asked to.
Light a candle and some sandalwood incense

Opening Rituals

Trance (count down from 1-30 walking down steps)

Turn recorder on and listen to meditation

Spirit Communication

(Please record this into a recorder with the appropriate words from the Enochian Letter page to listen to each time for your pathworking)

Close your eyes and visualize being in a sanctuary or a beautiful meadow where only you have access to this place and feel happy and safe. Smell the different flower scents in the air all around you. See the blue sky, streams of water, and animals everywhere. Feel the warm breeze blowing on your skin and the warmth of the sun above you. Hear the sounds of the animals in this meadow all around you as well as the water running down the streams. Now visualize a path leading up to a very tall tree. Walk this path to the tree and enter into the opening of the tree. You now say the **(Enochian Letter Name)**

three times. Now inside the tree you are greeted by an Angelic spirit guide on each side of you. These guides walk with you and take you to the next path entrance where you will see a doorway. Visualize a door and engraved on the door is the Enochian letter and say the **(Enochian Letter Name)** to this path. Open the door and walk inside to this beautiful temple. Now listen to the Enochian Key **(please vibrate or sound out each syllable of the entire Enochian Key now of the appropriate Enochian Key)**. Inside the temple is an altar situated between two pillars with a forever burning lamp on the altar. Feel the warmth from the lamp. Coming closer to the altar you notice some Magickal gifts on the altar. Put the stone necklace around your neck with the engraved **(Enochian Letter)** on it and you can feel some energy coming from the stone and sense what it feels like now. You now feel very comfortable in this temple and realize it's designed just for you. You sense a bright light and turn around to see a glowing, powerful and loving

Archangel that wants to chat with you. The Archangel now says that he/she has a message for you and you ask for the message. You also ask questions now about what you want to know. Be still and communicate with this Archangel now for a few minutes. **(put a few minutes in the tape here to chat with the spirit)**. As you walk around you notice another door at the front of the temple and realize that this is the pathway to the next Enochian Letter path. On this door is the Enochian Letter to the next path and you can see the letter of the path under the doorway leading to the next path as well and can sense the two Angels waiting to guide you to the next path. You now say good bye to the Archangel and walk back through the temple door you came from. On the path back to the tree opening you walk with the Archangel guides safely back to the tree entrance where you came from. Instantly you appear back on the grass again in the meadow and are now finished with your path working of this Enochian Letter. You will now write down everything

you have learned on your journey in a notebook.

Closing Rituals

Record your path and results in a notebook.

Pay attention in the next few days to *dreams and visions, thoughts and ideas, sounds and songs, feelings and emotions* and remember to follow all of these signs as these are the teachings and answers to your questions from your spiritual journey!

Put everything away.

Eat something to ground yourself and get back to your regular life.

End.
